Profitability of Drug Companies

465. SHRI RAJNI RANJAN SAHU:
SHRI ANANT RAM JAISWAL:
Will the PRIME MINISTER be pleased to state:

(a) whether it is a fact that Government are monitoring the profitability of drug companies;

(b) if so, what was the profitability both before tax and after tax of each of twenty five major drug companies during the last three years, year-wise;

(c) what was the total import of raw materials and bulk drugs during the above period;

(d) what are the names of new bulk drugs for which production was started by each of these companies during his last three years and what was the production of each, year-wise from commencement of production; and

(e) what are the names of medicines for which any of these companies reduced prices during the above period?

THE MINISTER OF STATE IN THE MINISTRY OF CHEMICALS AND FERTILIZERS (SHRI EDUARDO FALEIRO): (a) and (b) Information as available of profit before tax of twenty five major drug companies is at Statement. (*See* below)

(c) Company-wise imports are not monitored by the Government.

(d) To the extent information is available the details in regard to industrial Licenses granted for the production of new bulk drugs during last 3 years are as follows:

S. No.	Name of the Company	Name of New Bulk Drug	Date of issue of Industrial License	Capacity	Production
1	2	3	4	5	6
1.	E. Merck	Guaiazolene Crystals	6/91	10 Tonnes	Not yet Reported

2.	Roussel	Roxythromycin	11/92	60 Kg	-do-
3.	B. Mannheim	Verapamil Hcl	11/92	5 Tonnes	-do-

(c) Considering the large range of medicines, produced in various dosage forms and in varying pack sizes by these companies, the time and labour involved in the collection and compilation of the desired information would not be commensurate with the results likely to be achieved.
